WIPFLI

Independent Auditor's Report

Most Reverend Austin Anthony Vetter
Roman Catholic Bishop of Helena Montana
Helena, Montana

Qualified Opinion

We have audited the accompanying financial statements of Roman Catholic Bishop of Helena Montana (the "Diocese"), a nonprofit organization, which comprise the statements of financial position as of June 30, 2022 and 2021, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, except for the omission of the information described in the Basis for Qualified Opinion section of our report, the accompanying financial statements present fairly, in all material respects, the financial position of Roman Catholic Bishop of Helena Montana as of June 30, 2022 and 2021, and the the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Basis for Qualified Opinion

As disclosed in Note 1, the financial statements presented here reflect only those assets, liabilities, net assets and financial activities associated with the Chancery operations and the Historic St. Mary's Mission, Inc. These financial statements do not include the assets, liabilities, net assets and financial activities of the Diocese of Helena, which are material in amount. Accounting principles generally accepted in the United States require the consolidation of a controlled organization into its financial statements. The effects of this departure from accounting principles generally accepted in the United States on the accompanying financial statements has not been determined.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Roman Catholic Bishop of Helena Montana's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Roman Catholic Bishop of Helena Montana's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Roman Catholic Bishop of Helena Montana's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Note 1: Summary of Significant Accounting Policies

Reporting Entity and Principles of Combination

According to the Code of Canon Law of the Roman Catholic Church, a diocese is "a portion of the people of God which is entrusted for pastoral care to a bishop" (Canon 369). A diocese is normally territorial and is divided into distinct parts called parishes (Canon 374).

In 1884, Pope Leo XIII created the Diocese of Helena, (the "Diocese"), with boundaries being the same as the present State of Montana. In 1904, the current boundaries were established so that the Diocese of Helena includes roughly the western one-third of the State of Montana. The Diocese extends credit to the parishes and schools located within this geographic region. As such, the Diocese's receivables are mainly subject to the economic condition of this geographic region.

In civil law, the Diocese is incorporated as the "Roman Catholic Bishop of Helena, Montana, a Montana religious corporation sole," and all property in the Diocese is held in that corporation. There are 59 parishes, many with missions attached to them, four school systems, a retreat center, a summer camp, and various other properties included in the Diocesan Corporation.

The Pope appoints the Bishop of Helena. There are various advisory councils to the Bishop, whose members are appointed by the Bishop. The Bishop appoints pastors to the various parishes. Once appointed, pastors are in charge of the parish to which they are assigned, within the guidelines issued by the universal church and the Diocese. A variety of reports, including a financial report, are required from the parishes each year.

These financial statements have been prepared using the accrual method of accounting and includes the assets, liabilities, net assets and financial activities of all institutions and organizations providing services at the diocesan level of administration which are fiscally responsible to the Bishop of the Diocese of Helena, Montana (the Chancery operations). Also included are the accounts of the Historic St. Mary's Mission, Inc., an organization where the Diocese has authority over the Board of Directors of St. Mary's Mission. All significant inter-organizational balances and transactions have been eliminated to the extent the respective funds of the organizations are combined in one fund for purposes of this presentation. Various religious orders, lay societies, and religious organizations which operate within the Diocese, but which are not fiscally responsible to the Bishop, and schools, parishes and their related institutions, have not been included in the accompanying financial statements.

Basis of Presentation and Accounting

The accompanying financial statements are presented in accordance with accounting principles generally accepted in the United States of America ("GAAP"), as codified by the Financial Accounting Standards Board. Under GAAP, the Roman Catholic Bishop of Helena Montana (the "Diocese") is required to report information regarding its financial position and activities according to two classes of net assets: with donor restrictions and without donor restrictions.

Notes to Financial Statements

Note 1: Summary of Significant Accounting Policies (Continued)

Estimates

The Diocese uses estimates and assumptions in preparing the financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Diocese considers all checking, savings, money market accounts and unrestricted highly liquid investments with an initial maturity of three months or less to be cash equivalents. The Diocese's accounts are subject to FDIC insurance up to \$250,000. The Diocese had \$4,430,767 and \$2,039,209 in interest-bearing accounts held at financial institutions in excess of federal insurance limits as of June 30, 2022 and 2021, respectively.

Accounts, Loans, and Promises Receivable

Accounts receivable are stated at the amount billed. There has been a receivables allowance for doubtful accounts created based on receivables whose collection is now doubtful or the Diocese is unaware of assets available to pay receivables. Recoveries of receivables previously written off are recorded as income when received.

Loans receivable (other than deposits) are stated at the amount of principal remaining. Interest is accrued on the principal balance based on the rate agreed to in the contract or loan receivable. Loans receivable are reviewed periodically to determine their collectability and whether any loans should be charged off. At June 30, 2022 and 2021, the loan receivable shown on the statements of financial position is considered to be fully collectible.

Promises receivable are recorded at the amount of the original pledge, if due within one year. Promises receivable for more than a year are discounted to present value using a 1.85% interest rate. Based on historical collections on the promises, an allowance of 3% of the total amount receivable has been established.

While management believes that all existing accounts, loans receivable (excluding promises receivable) are collectible, an allowance for doubtful accounts for accounts receivable of \$95,323 and \$75,295 has been established for the years ended June 30, 2022 and 2021, respectively.

Notes to Financial Statements

Note 1: Summary of Significant Accounting Policies (Continued)

Loan Receivable

The Diocese has a loan receivable from Good Samaritan Ministries Thrift Store, secured by a building, as follows:

	2022	2021
Loan receivable, due in monthly installments of \$4,135, including interest at 6.5%; due September 30, 2026; secured by a building.	\$ 170,470	\$ 206,925

The amounts due in future years as of June 30, 2022 are as follows:

2023	\$	39,018
2024		41,631
2025		44,420
2026		45,401
Total	\$	170,470

Investments

The Diocese carries investments in marketable securities with readily determined fair values and all investments in debt securities at their fair values in the statements of financial position. Quoted market prices in active markets are used as the basis of measurement. Accumulated unrealized gains and/or losses are included in total net assets. Investment expenses are netted with earnings.

Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of certain investments will occur in the near term and that such changes could materially affect the amounts reported in the financial statements. To help manage this risk, the Diocese utilizes professional investment managers who oversee the Diocese's portfolio and make changes as they see fit, within the parameters of the investment policies of the Diocese.

Investment Pools

The Diocese maintains master investment accounts in the annuity and endowment funds for its donor-restricted and Bishop-designated endowments and deposits. Realized and unrealized gains and losses from securities in the master investment accounts are allocated quarterly to the individual endowments and deposits based on the relationship of the market value of each endowment or deposit to the total market value of the master investment accounts, as adjusted for additions to or deductions from those accounts.

Roman Catholic Bishop of Helena Montana

Notes to Financial Statements

Note 1: Summary of Significant Accounting Policies (Continued)

Property and Equipment

All acquisitions and improvements of property and equipment of \$1,000 or more with an economic life of longer than one year are capitalized, while all expenditures for repairs and maintenance that do not materially prolong the useful lives of assets are expensed. Purchased property and equipment is carried at cost.

Depreciation is computed using the straight-line method over the following estimated lives of the assets:

Building and improvements	40 years
Furnishings, equipment and software	3-10 years
Vehicles	5 years

Concentrations

Concentrations of credit risk with respect to promises receivable are minimal due to the large number of contributors comprising the Diocese's contributor base and their dispersion across different industries. The Diocese's contribution income is subject to the general economic conditions of western Montana.

Income Taxes

The Diocese is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. A group ruling on this status was received from the Internal Revenue Service in 1946.

Deferred Revenue

Fee for service revenue streams applying to services to be rendered in future periods are recorded as deferred revenue when received and reflected as revenue in the year when the services are performed.

Functional Allocation of Expenses

The expenses of providing various programs and other activities have been summarized on a functional basis in the statements of activities. The statements of functional expenses present the natural classification detail of expenses by function. Accordingly, certain expenses have been allocated among the program services and supporting activities benefited, based upon time allocations or square footage, as applicable.

Net Assets

Net assets and revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Diocese and changes therein are classified and reported as follows:

Roman Catholic Bishop of Helena Montana

Notes to Financial Statements

Note 1: Summary of Significant Accounting Policies (Continued)

Net Assets (Continued)

Net assets without donor restrictions: Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions.

Net assets with donor restrictions: Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity.

Revenue Recognition

Revenues received are recorded as donor restricted or without donor restrictions, depending on the existence and/or nature of any donor restrictions. Support that is not restricted by the donor is reported as an increase in without donor restrictions. When a restriction expires, such stipulated time restriction ends or a purpose restriction is accomplished, donor restrictions are reclassified to without donor restrictions and reported in the statements of activities as net assets released from restrictions.

Fees for service - Legendary Lodge

Legendary Lodge summer camps are a ministry of the Diocese. Camp programs are established for 5th and 6th grade, junior high and high school students. An overview of each camp is listed on the website. Registration for camps typically open on January 1st each year and registration is required to be completed by the parent/guardian for each registrant. A 'Reserve Now, Pay Later' system is in place for completing registration. Once registration is completed, a spot is reserved for the child. An e-mail confirmation is sent to confirm registration. An e-mail is sent afterwards, typically in the Spring for those early registrants, with a link to confirm the child's registration and pay the camp fees. A confirmation and payment deadline is linked to the reservation so if the reservation and payment have not been completed by the cutoff date, the reserved spot is cancelled and made available to other campers. There is also an optional fee for the camp "Canteen" snack store that can be purchased during payment. An e-mail confirmation is sent to the parent/guardian once confirmation and payment is completed.

The performance obligations include the week-long camp being held and accessibility to the camp "Canteen" store. The transaction price is stated on the Legendary Lodge website and is included in the payment link sent to the parent/guardian to complete camp registration. For FY2022 and FY2021, fees for all camps were \$360 and \$350 per child, respectively, with an optional \$15 for use at the camp "Canteen" store.

Revenue is recognized when the camp is held. The camp fees received in advance are booked as a deferred revenue until the camp is held. If the weeklong camp crosses over the fiscal year end, revenue is recognized in the earlier fiscal year. A cancellation and refund policy is in place. Legendary Lodge requests that notice be given as soon as possible if a child is unable to attend camp. In order to receive a refund, notice of cancellation must be given at least one week in advance of the camp start date. All refunds will be charged a \$50 per child processing fee. A refund is not given if a child leaves camp during the week.

Grant Revenue

Grants are either recorded as contributions or exchange transactions based on criteria contained in the grant award.

Grant Awards That Are Contributions - Grants awards that are contributions are evaluated for conditions and recognized as revenue when conditions in the award are satisfied. Unconditional awards are recognized as revenue when the award is received. Amounts received in which conditions have not been met are reported as a refundable advance liability.

Grant Awards That Are Exchange Transactions - Exchange transactions are those in which the resource provider or grantor receives a commensurate value in exchange for goods or services transferred. Revenue is recognized when control of the promised goods or services is transferred to the customer (grantor) in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Amounts received in excess of recognized revenue are reflected as contract liabilities. There were no grant awards that were considered exchange transactions during the years.

Contribution Revenue

Contributions, including promises to give, are considered conditional or unconditional, depending on the nature and existence of any donor or grantor conditions. A contribution or promise to give contains a donor or grantor condition when both of the following are present:

An explicit identifying of a barrier, that is more than trivial, that must be overcome before the revenue can be earned and recognized; and

An implicit right of return of assets transferred or a right of release of a donor or grantor's obligation to transfer assets promised, if the condition is not met.

Conditional contributions are recognized when the barrier(s) to entitlement are overcome. Unconditional contributions are recognized as revenue when received.

Unconditional contributions or conditional contributions in which the conditions have been substantially met or explicitly waived by the donor are recorded as support with or without donor restrictions, depending on the existence and nature of any donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions.

Contributed property and equipment are recorded at fair value at the date of donation. Contributions with donor-imposed stipulations regarding how long the contributed assets must be used are recorded as net assets with donor restrictions; otherwise, the contributions are recorded as net assets without donor restrictions.

Contribution Revenue (Continued)

Donated services are recognized as contributions if the services (a) create or enhance nonfinancial assets or (b) require specialized skills, are performed by people with those skills and would otherwise be purchased by the Diocese.

New Accounting Pronouncements

In February 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2016-02, Leases (Topic 842). This ASU provides guidance on the recognition of lease assets and lease liabilities by lessees for those leases classified as operating leases under previous accounting standards and new disclosures on key information about leasing arrangements. The new standard supersedes current lease accounting requirements in FASB Accounting Standards Codification (ASC) Topic 840, Leases. When adopted, the amendments in the ASU must be applied using a modified retrospective approach. ASU No. 2016-02 is effective for nonpublic companies for annual periods beginning after December 15, 2021.

Change in Accounting Policy

In September 2020, the FASB issued ASU 2020-07, Presentation and Disclosures by Not-for-Profit Entities for Contributed Non-Financial Assets (Topic 958). The amendments in this update will require entities to present contributed nonfinancial assets as a separate line item in the statement of activities, expand disclosures on the various contributed nonfinancial assets recognized, including disaggregated category types, the valuation techniques and inputs used to arrive at fair value, and the policy for either monetizing or utilizing contributed nonfinancial assets. The Diocese adopted this guidance as of July 1, 2021 and applied Topic 958 on a modified retrospective basis. See Note 11 below for more information on the impacts of implementation.

Subsequent Events

The Diocese has evaluated events and transactions for potential recognition or disclosure in the financial statements through February 13, 2023, which is the date the financial statements were available to be issued.

Subsequent to June 30, 2022, the Diocese sold a building held in property and equipment for net proceeds of \$450,000.

Subsequent to June 30, 2022, the Diocese receive payment in full of the loan receivable.

Notes to Financial Statements

Note 2: Promises Receivable

Each October, the Diocese conducts an Annual Catholic Appeal (ACA) for the following fiscal year. Promises to give are restricted to payment of the costs outlined in the campaign program brochures for the Foundation for the Diocese of Helena, Catholic Home Missions, and Catholic Church Extension Society. The unconditional promises receivable balances from ACA at June 30, 2022 and 2021 were \$65,130 and \$68,599, respectively. General promises to give, net of allowance, totaled \$0 and \$196,367 at June 30, 2022 and 2021, respectively.

Note 3: Grants and Contributions Receivable

Grants receivable represent grants awarded prior to the current year and are expected to be fully received by June 30 of the following year. Total grants receivable are \$145,859 and \$138,341 at June 30, 2022 and 2021, respectively.

Note 6: Fair Value Measurement

The Diocese has adopted the accounting pronouncement for measuring fair value under GAAP. This pronouncement defines fair value as the price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. It requires that valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. It also establishes a fair value hierarchy, which prioritizes the valuation inputs into three broad levels:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2022 and 2021.

Corporate stock and bonds: Valued at fair value based on quoted market prices.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Diocese are open-end mutual funds registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Diocese are deemed to be actively traded.

Other assets: Other assets includes real assets and alternative investments. Valued at fair value based on quoted market prices.

Fair values of assets measured on a recurring basis at June 30, 2022 are as follows:

	Fair Value	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Corporate stocks	\$ 722,924	\$ 722,924	-	-

Note 7: Post-Retirement Benefits

Medical Plan

The Diocese has a non-funded post-retirement medical plan covering all priests and celibate transitory deacons incardinated in the Diocese of Helena or exercising their sacred ministry in the Diocese with the consent of their respective Ordinaries, and non-religious order lay employees.

Medical plan information for disclosure under GAAP as of June 30, 2022 and 2021 follows:

Plan Status: The Plan is 100% unfunded.

Amounts Recognized on the Statements of Financial Position: The Plan has total liabilities of \$4,160,099 and \$4,682,066 at June 30, 2022 and 2021, respectively, including amounts to be paid by the parishes. Of this amount, \$2,720,722 and \$3,121,319 is recognized in the statements of financial position and represents the amount specific to the Diocese's share at June 30, 2022 and 2021, respectively.

Projected Benefit Obligation: \$4,160,099 and \$4,682,066 in total at June 30, 2022 and 2021, respectively; \$2,720,722 and \$3,121,319 of Diocese specific liability at June 30, 2022 and 2021, respectively.

Note 8: Pension Plans

Defined Benefit Pension Plan

Diocesan priests and celibate transitory deacons incardinated in the Diocese of Helena or exercising their sacred ministry in the Diocese with the consent of their respective Ordinaries are eligible to participate in the Clergy Senior Status & Security Trust (CSS&ST). CSS&ST is a non-contributory defined benefit pension plan and is a separate legal entity. The individual parishes and institutions are responsible for contributions to CSS&ST. The Diocese is only responsible for contributions for the bishop and any priests assigned to the Chancery. Benefits paid to retirees are based upon age at retirement and years of credited service. Periodically bequests and donations name CSS&ST as the beneficiary.

The assets of the CSS&ST are maintained in a single master trust account. They are invested primarily in government securities, common stock and debt securities. The Diocese makes contributions as required under the funded value of vested benefits method. The Diocese uses a June 30 measurement date for the CSS&ST.

Pension plan information for disclosure under GAAP at June 30, 2022 and 2021 follows:

Obligations and Funded Status

	2022	2021
Projected benefit obligation	\$ (8,542,059)	\$ (9,097,098)
Plan net assets	5,260,815	5,858,446
Unfunded status	\$ (3,281,244)	\$ (3,238,652)

Amounts Recognized on the Statements of Financial Position at June 30, 2022 and 2021: The Plan has total liabilities of \$3,281,244 and \$3,238,652 at June 30, 2022 and 2021, respectively, including amounts to be paid by the parishes. Of this amount \$458,231 and \$501,974 is recognized in the statements of financial position and represents the amount specific to the Diocese's share at June 30, 2022 and 2021, respectively.

Based on the actuarial assumptions disclosed later in this note, the CSS&ST would be funded on a termination value as of June 30, 2022 with a Diocese contribution of \$3,281,244.

Projected Benefit Obligation at June 30, 2022 and 2021: \$8,542,059 and \$9,097,098.

Plan Net Assets at June 30, 2022 and 2021: \$5,260,815 and \$5,858,446.

Accumulated Benefit Obligation at June 30, 2022 and 2021: \$8,542,059 and \$9,097,098.

Assumptions

Weighted-average assumptions used to determine benefit obligations at June 30, 2022 and 2021:
-10.81% and 26.82% discount rate.

Weighted-average assumptions used to determine net periodic benefit costs at June 30, 2022 and 2021:
4.25% and 5% discount rate.
5.31% and 5.46% expected long term return on plan assets.

Plan Assets

The Diocese's pension plan weighted-asset allocations by asset category at June 30 are as follows:

	2022	2021
Asset Category		
U.S. Government securities	19.5 %	13.0 %
Corporate bonds and notes	15.5 %	13.2 %
Common stocks	38.8 %	42.9 %
Mutual funds	22.0 %	28.0 %
Other (primarily short-term cash equivalents)	4.2 %	2.9 %
	100.0 %	100.0 %

Investment Asset Information

The investment strategy for pension assets has a long-term horizon. CSS&ST assets are externally managed and these managers ensure the assets are appropriately diversified. Their performance is reviewed periodically against market benchmarks.

The current long-term rate of return on plan assets of -10.81% and 26.82% in 2022 and 2021 is based on CSS&ST's asset mix, historical returns, and expectations for future performance.

Total	\$ 5,260,815	\$ 5,858,446

Other Pension Plan

The Diocese offers a 403(b) annuity plan for all permanent employees who have successfully completed a six-month probationary period. The Diocese matches up to 3% on salary deferrals.

The Diocese made contributions to the Plan of \$17,232 and \$21,941 for the years ended June 30, 2022 and 2021, respectively.

Note 9: Deferred Revenue

Deferred revenue and support at June 30, 2022 and 2021 consists of Legendary Lodge and Youth Ministry event balances totaling \$133,717 and \$146,180, respectively.

Note 10: Notes Payable

The Diocese has the following notes payable:

<i>Years ended June 30,</i>	2022	2021
Note Payable	\$ 555,208	\$ -
Total	\$ 555,208	\$ -

The note payable has an interest rate of 4.25%, due in monthly interest only payments of \$1,966. The final amount is due June 17, 2032. The note is secured by property and equipment.

Note 11: Contributed Nonfinancial Assets

Contributed nonfinancial assets consist of the following:

<i>Years Ended June 30,</i>	2022	2021
Lease amortization	\$ 126,879	\$ 106,584
Gifts	35,118	15,636
<hr/>		
Total contributed nonfinancial assets	\$ 161,997	\$ 122,220
<hr/>		

The Diocese recognizes contributed nonfinancial assets within revenue, including lease amortization and gifts. Unless otherwise noted, contributed nonfinancial assets did not have donor-imposed restrictions.

Contributed lease amortization is related to use of the Legendary Lodge property used for youth camps. Contributed lease amortization is valued and reported at the estimated fair value in the financial statements based on comparables rates in Montana's real estate market.

Contributed gifts included items donated for the annual fundraiser which were auctioned off at fair market value.

Note 12: Related Parties

Receivables

Accounts Receivable includes related parties due to operational transactions between the Diocese and the Foundation for the Diocese of Helena (FDH), Clergy Senior Status and Security Trust (CSS&ST), Catholic Social Services of Montana, Inc. (CSSM), Montana Catholic Conference (MCC), and Resurrection Cemetery Association (RCA).

Related Party Loan

The Diocese had an outstanding loan payable to the FDH. This was paid off in August of 2020.

Legendary Lodge In-kind contribution

On March 17, 2015, FDH purchased the property known as Legendary Lodge from the Diocese. Prior to purchase, FDH obtained an independent appraisal of the property (including land, buildings, and improvements) from a commercial real estate appraiser. FDH purchased for cash the Legendary Lodge property from the Diocese in an arms-length transaction for the appraised value of \$3,585,000 on that date.

In March 2015, FDH signed a 100 year lease with the Diocese, donating the exclusive use of all buildings, land and water rights of the Legendary Lodge to the Diocese. The terms of the lease are as follows:

The Diocese shall pay FDH \$1 per year.

The Diocese is responsible for maintenance costs and is responsible for loss, liability, damage or expense.

Under generally accepted accounting principles, the lease constituted an in-kind contribution to the Diocese. For the year ended June 30, 2015, the Diocese recognized an in-kind contribution receivable for the full value of the Legendary Lodge (\$3,585,000) and net assets with donor restrictions, representing the in-kind contribution revenue. On an annual basis, the in-kind contribution receivable will be reduced and in-kind lease expense will be recognized at an amortized rate of 3% over 100 years.

Resurrection Cemetery Association, Inc.

The Diocese and the Resurrection Cemetery Association, Inc. are established as two separate legal entities by the State of Montana. At the same time, under Canon Law (the law governing the operation of the Roman Catholic Church), the Bishop of Helena is ultimately responsible for the care, maintenance and financial sustainability of the Diocesan Cemeteries included within the Resurrection Cemetery Association. Consequently, the Diocese has subsidized Cemetery operations through funding support for staff, equipment and capital improvements. The Diocese carries these balances as a receivable, with a full allowance to offset the balance to \$0 as of both June 30, 2022 and 2021.

Other

As described in Note 1, schools, parishes, and their related institutions are not included in these financial statements. However, they are under the control of the Bishop. These financial statements includes various payables and receivables between the Diocese and related schools, parishes, and their related institutions.

Note 13: Endowment Funds

The Roman Catholic Bishop's (RCB) endowment consists of one fund managed by the RCB. As required by generally accepted accounting principles, net assets associated with endowment funds, including funds designated by the Bishop to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law

The Bishop has interpreted the Montana Uniform Prudent Management of Institutional Funds Act ("MUPMIFA") as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the RCB classifies as net assets restricted into perpetuity (a) the original value of gifts donated to the endowment, (b) the original value of subsequent gifts to the endowment, and (c) any accumulations to the endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. A portion of the donor-restricted endowment fund that is not classified in net assets held to perpetuity is classified as net assets with donor restrictions until those amounts are appropriated for expenditure by the RCB in a manner consistent with the standard of prudence prescribed by MUPMIFA. The remaining portion of the endowment funds are net assets without donor restrictions, quasi-endowments managed in a manner consistent with the standard of prudence prescribed by MUPMIFA under the direction of the Bishop.

In accordance with MUPMIFA, the Diocese considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

1. The duration and preservation of the fund;
2. The purposes of the Diocese and the donor-restricted endowment fund;
3. General economic conditions;
4. The possible effect of inflation and deflation;
5. The expected total return from income and the appreciation of investments;
6. Other resources of the Diocese; and
7. The investment policies of the Diocese.

Funds with Deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or MUPMIFA requires the Diocese to retain as a fund of perpetual duration. There were no such deficiencies of this nature as of June 30, 2022 and 2021.

Return Objectives and Risk Parameters

The Diocese has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Diocese must hold in perpetuity or for a donor-specified period(s) and also holds the funds without restrictions designated by the Bishop. The Diocese expects its endowment funds, over time, to provide a reasonable level of current income to support the spending policy authorized by the Bishop and to grow equity assets. Actual returns in any given year may vary from this amount.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the Diocese relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). Endowment assets are to be invested in stock and/or bond funds and/or specified alternative investments, and/or certificates of deposit, augmented by bank and mutual savings bank accounts for short-term holdings. All investments must be in conformity with the socially-responsible tenets of the mission philosophy of the Roman Catholic Church.

Spending Policy and How the Investment Objectives Relate to Spending Policy

The Diocese has a policy of appropriating for distribution each year only the current yield (interest and dividends) for that year.

Note 17: Commitments and Contingencies

Annuity Contracts

The annuity fund holds annuity contracts guaranteeing a specified rate of return to the annuitants during their lifetime. At the time of death, portions of, or the entire remaining principal reverts to either the Diocese or the Foundation for the Diocese of Helena, Inc. Approximately 2.8% of the total value of these annuities is being held for the Diocese's benefit. Amounts shown in these financial statements represent only those portions related to the Diocese's interest in these annuities.

The Diocese is involved in various legal proceedings from time-to-time in the normal course of business. It is the opinion of management that any judgment or settlement resulting from pending or threatened litigation would not have a material adverse effect on the financial position or operations of the Diocese.

Note 18: Liquidity and Availability of Financial Resources

The Diocese strives to maintain liquid financial assets sufficient to cover 90 days of general expenditures. Financial assets in excess of daily cash requirements are invested in certificates of deposit, money market funds and other short-term investments.

The following table reflects the Diocese's financial assets as of June 30, 2022 reduced by amounts that are not available to meet general expenditures within one year of the statement of financial position date because of contractual restrictions or internal board designations. In the event the need arises to utilize the Bishop-designated funds for liquidity purposes, the reserves could be drawn upon through board resolution. Amounts not available to meet general expenditures within one year also may include net assets with donor restrictions.

<i>Year Ended June 30,</i>	<i>2022</i>
Cash and cash equivalents	\$ 4,135,421
Investments	3,146,331
Accounts receivable - net	359,395

Interest receivable	3,059
Less: Not available within one year	(3,274,416)
Total	\$ 4,751,249

Note 19: PPP Loan

The Diocese applied for and received a loan of \$199,300 on April 20, 2020 pursuant to the Paycheck Protection Program, administered by the Small Business Administration (SBA). If the proceeds are used to pay for qualifying expenses and certain other criteria are met, the SBA may forgive all or a portion of the loan. On February 19, 2021, the Diocese received notice that the SBA approved full forgiveness for the loan.

Note 20: Risks and Uncertainties

The Diocese has potential claims pending that arise in the normal course of business. While it is impossible to estimate ultimate liability, if any, with respect to these matters, management believes the Diocese does not have any current claims which have an identifiable material adverse effect on the financial position of the Diocese at this time.
